## Step 1 : Log in to *his.medvantage.tech*

## Step 2 : On left side, click on *Care Coordination*

**Step 3 : On extreme right side, click on *Export* button**  
**- Pop-up opens up, Fill details and click on *Search***

The screenshot shows the MEDVANTAGE Care Coordination interface. On the left is a sidebar with navigation options: Care Coordination, Prescription, Vitals, Investigations, Refer Patient, Vision, Dilate & Retinoscopy, Tension, Reports, Calculators, IPD File, Patient Notes, Case Study, Diabetes Clinic, Patient Document List, Vaccination Chart, and Sickness Certification. The main header is orange with the MEDVANTAGE logo, a menu icon, the text 'Care Coordination', and user information 'Administrator'. Below the header, there's a search bar and buttons for 'Search', 'Send To', 'Export Documents', 'Export', and 'Import'. A search pop-up is open, showing fields for 'Date', 'Patient Name/ID', 'Encounter', and a list of 'Select Measures to Appear in Report' including 'Not QRDA Search', 'CMS122v10 - Diabetes: Hemoglobin A1c (HbA1c) Poor Control (>9%)', 'CMS124v10 - Cervical Cancer Screening', 'CMS125v10 - Breast Cancer Screening', and 'CMS127v10 - Pneumococcal Vaccination Status for Older Adults'. A 'Search' button is at the bottom of the pop-up. The background table has columns: Total Transfers, Successful Transfer, Last Visit, Creation Date, and Views. It lists 12 patients with their encounter counts and transfer statistics.
